How To Register for EFEPA Overnight Programs

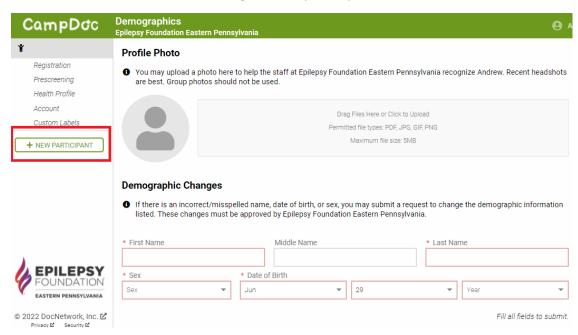

To register for Camp Achieve, The Young Adult Retreat, or The Adult Wellness Weekend as a participant or volunteer, please visit http://app.campdoc.com/register/efep.

Sign into your CampDoc account by entering your login credentials, or click "Sign Up."

Once your CampDoc account is created, you'll be prompted to enter demographic information. Registration for different programs will appear after this step, based on the age input. Camp Achieve Camp registration is open to all youth ages 8-17. The Young Adult Retreat is for Young Adults ages 18-30. The Adult Wellness Weekend is for adults over the age of 30. All volunteer positions require volunteers to be at least 19 years old.

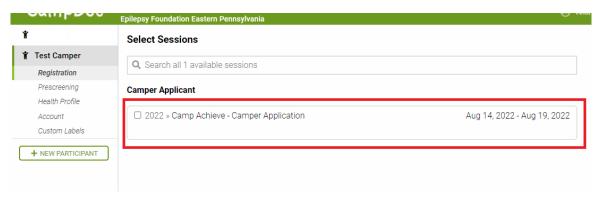

If your household has more than one registrant (for example, a child attending Camp Achieve AND an Adult attending the Adult Wellness Weekend) you'll need to create multiple participants in your account, each of whom will need to be registered separately.

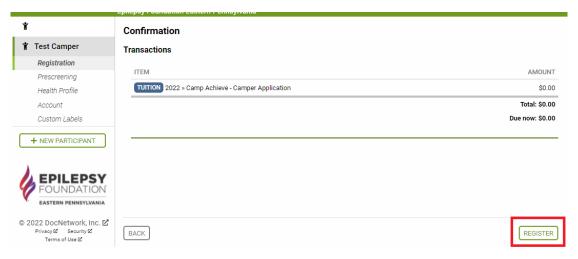

For each participant, once their profile is created, select the "Registration" tab from the left-hand menu under their name, followed by the "Register for A New Session" button on the right-hand side of the screen.

Check the box for the program in which you would like that participant to register. (Note: only programs that the participant is eligible to register for based on age will appear on this list.)

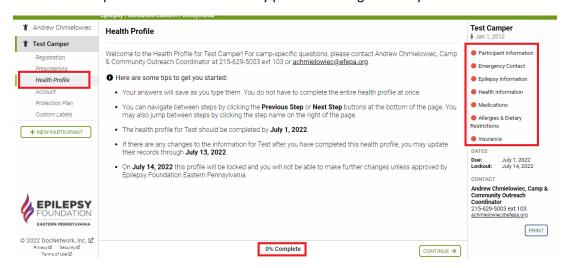

The next screen will show Tuition information. This is simply a confirmation screen, and no payment is due at the time of registration. To proceed, click the "Register" button. (The Young Adult Retreat and Adult Wellness Weekend are free of charge. Camp Achieve is \$350 per camper, and payment will be collected upon your camper being approved to attend camp. For scholarship or tuition assistance information, please contact camp@efepa.org.)

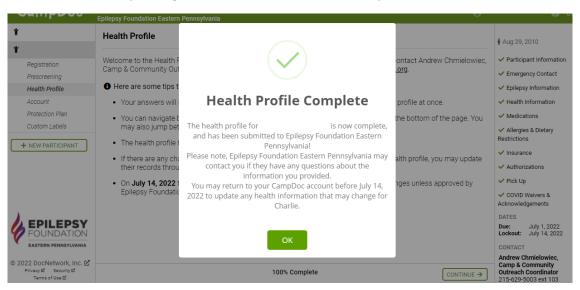

Upon clicking "Register," you'll be redirected to a new screen with a pop-up confirmation. Close the pop-up and proceed to the "Health Profile" tab on the left-hand side navigation bar. *The Health Profile will need to be completed in its entirety before your registration is successfully submitted.* (Please Note: The information collected for each program

[Camp Achieve, Young Adult Retreat, Adult Wellness Weekend] and registration type [Participant, Volunteer, etc.] may vary.) Your completion percentage is noted at the bottom center of the page. You may save and return to your health profile at a later time at any point in the registration process.

Upon 100% completion of the health profile, you'll receive confirmation of completion. Upon receiving this notification, your registration is considered successfully submitted.

Please note that completed registration does not guarantee acceptance into any program. All applications (both participants and volunteers) will be evaluated by EFEPA Staff for completeness and eligibility. (Campers applying to Camp Achieve will also need to be approved for eligibility by their neurologist.) Eligible applicants will be accepted on a first come, first served basis, until program capacity is reached, at which time eligible applicants will be placed on a waitlist, should additional space open up at a later date.

If you need assistance with registration, or have any questions, please contact our Camp & Community Outreach Coordinator, Andrew Chmielowiec, at achmielowiec@efepa.org or (215) 629-5003 x103.
